LOCAL AND OTHER NEWS.

Don't forget the dance to-night.

Be sure you get Halls' Extracts.

Tuesday could not have been a more favorable day for a circus.

George Edgington took engine 1388 to Evanston Wednesday for repairs.

One two-oz bottle of Halls' Extracts equals 6 10 cent bottles. 14-112

Elders Thomas Copley and C. H. Jones visited the Wanship Sabbath school last Sunday.

Dr. W. Visick returned home from Morgan Wednesday, where he has been for a week doing dental work.

If you use Halls' Extracts your pastries, candies, ice cream, etc., are sure to be good. 14-112

Miss Ella Hansen, who spent ten days in Coalville doing business in the millinery line, returned home to Park City Sunday.

Joseph W. Hemmerhays of Salt Lake was in Coalville Sunday, in the interests of the Sunday schools. He and Supt. John Boyden visited the Hanes Sunday school.

Mrs. Warburton of Nephi, who is stopping with her son, Joseph Warburton of this place, has been quite sick for some time past, but is on the improve at this writing.

The usual crowd of tramps have been in town this week, following up the circus. Some of them are badly "afflicted," etc., and their travel through life is hard to hear them tell it.

Cyclists always carry a bottle of HALL'S BUCKEYE LINIMENT. In case of accident, if applied immediately it will subside the pain, prevent swelling and discoloration, and quickly heal the wounds. Price 25 and 50 cents. For sale by John Boyden & Son.

A social dance will be given at the Park pavilion to-night for the benefit of the Goodfield sufferers, and it is expected that a big crowd will be present. The price of admission will be 50 cents, and a good time is assured all who attend.

The heavy windstorm which struck this part last Saturday did considerable damage. A number of trees were blown down, and the gable end of Alma Henderson's barn was blown in. Bert Edredge and another boy, who were in the barn at the time, came over getting seriously injured by the falling brick.

Piles are not only most painful, but also very dangerous, as the inflamed nodules are very apt to take on malignant action and cancer of the rectum is produced. They should be cured. TALLER'S BUCKEYE PILE OINTMENT will cure the most obstinate case. Price 50 cents in bottles; tubes 75 cents. John Boyden & Son.

John Stonebraker, Frank Edgel and John Brown, three Hoytville boys, were brought before Justice W. H. Smith Tuesday and tried on a charge of throwing rocks at the house of John Dexter. The boys had been tormenting the old gentleman for some time, so he swore out the complaint. They were fined \$5 each and costs. This is a good object lesson to the boys who indulge in such habits, and they can take warning.

A girl recently played a cruel joke on her mother, and this is how it happened: She accidentally found a love letter that her father had written to her mother in the halcyon days of their courtship. She read the letter to her mother, substituting her name and that of her lover. The mother read in anger, and stamped her foot in disgust, forbidding her daughter to have anything to do with a man who would write such nonsensical stuff to a girl. The girl then gave the letter to her mother to read, and the house became so suddenly

quiet she could hear the snow-flakes falling in the back yard.—Ex.

If you want good ice cream use Halls' Extracts. 14-112

Wallace, the 5-year-old son of Mr. and Mrs. James Halmes, is suffering with a slight attack of scarletina, and the family has been quarantined. The boy is on the improve at this writing.

Supt. T. J. Lewis made a trip to Park City Monday, and returned Tuesday. Mr. Lewis reports things quite prosperous at the Park; the mines are working steadily, and a great many men are at work.

Wednesday morning after the circus had gone, John Boyden found that his stair carpet was missing. The family was house cleaning and left the carpet outside; and it was evidently stolen by some member of the show.

Rheumatism is credited to have its origin in the poisoned condition of the blood, and to be most successfully treated by HERBINE, which acts upon the liver, kidneys, and other blood purifying organs, thereby cleansing the system of the offending agents. Price 50 cents at John Boyden & Son's.

Will Fisher thinks he is the happiest man in the town. Last Sunday afternoon at 5 o'clock his wife made him the present of a fine girl. Will says the little one is so fat that she can't see, but we are of the opinion that Will's eyesight is so poor he imagines many things. All are getting along nicely.

The Utah Association of Credit Men met Tuesday night at the Kearsford. In regard to the Park City taxation of traveling men, the association referred it to their attorneys, Wilson & Smith, to sue in the courts for an injunction restraining the city from imposing the tax. It is probable that Park City will fight the case, and take it into the Supreme court.—News.

If troubled with rheumatism, give Chamberlain's Pain Balm a trial. It will not cost you a cent if it does no good. One application will relieve the pain. It also cures sprains and bruises in one-third the time required by any other treatment. Cuts, burns, frost-bites, quinsy, pains in the side and chest, glandular and other swellings are quickly cured by applying it. Every bottle warranted. Price 25 and 50 cts. John Boyden & Son. June

The performances given by the Clark Mathias company last Friday and Saturday evenings, were very good. The company was not greeted by very large crowds, but they performed well. The play "Heroes of '98" is a military drama well written, and is quite interesting. "The Legion of Honor," played Saturday night is a first-class play, and the manner in which it was presented showed that the company was composed of some good actors. They left here for Ogden where they will play for one week. As was killed, these performances were given for the benefit of the Goodfield mine sufferers, and about \$25 was turned over to the relief committee.

Young man, it is small expenses that keeps your pocketbook so lean. Ten cents a day for cigars, liquors and a thousand other things amounts up in 12 months to very many dollars. It is a false pride, a wrong deference to a wrong prevalent opinion that forbids any economizing in small matters. It is the leak that empties the barrel; it is the small expenses, counting up into hundreds of dollars in a year, that cause the majority of men; it is the tripping of the dress that makes the bill so large. It is the little wastes that keep thousands of noses at the grindstone, even at infirm age, and send many to the poor house.—Ex.

Last Tuesday was like a Fourth of July celebration in Coalville. A great many people were here from surrounding towns to see the performances given by Gentry's trained animal company. They gave an entertainment at 3 o'clock in the afternoon, and one at 8 in the evening. Both were well attended, and the performances were good. The ponies, dogs, monkeys, etc., had been well trained, and each performed its part in good shape. The children were greatly amused at the pranks of the dogs and monkeys, while the young ladies all wished they had a cute little shoulard to ride. The band furnished some excellent music and is a good organization. People who had seen the show in Ogden and other places, say that considerably was out put in their performances here. However, we be-

Baking Powder Economy

The manufacturers of Royal Baking Powder have always declined to produce a cheap baking powder at the sacrifice of quality.

The Royal is made from the most highly refined and wholesome ingredients, and is the embodiment of all the excellence possible to be attained in the highest class baking powder.

Royal Baking Powder costs only a fair price, and is cheaper at its price than any similar article.

Samples of mixtures made in imitation of baking powders, but containing alum, are frequently distributed from door to door, or given away in grocery stores. Such mixtures are dangerous to use in food, and in many cities their sale is prohibited by law. Alum is a corrosive poison, and all physicians condemn baking powders containing it.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.

Have the most of the people got their money's worth. It is estimated that about \$900 was taken in, but not much of it was left in town. The company went from here to Salt Lake.

The missionary meeting held at the Tabernacle Sunday night was quite well attended, and the exercises interesting. The only disappointing feature was that the Elders would not deliver their own singing, so a few members of the choir did it for them.

Children who are weak, fretful and trillousome should be given a few doses of WHITE'S CREAM VERMIFUGE. They will then become strong, healthy and active, have rosy cheeks, bright eyes, will be happy and laughing all day long. Price 25 cts. at John Boyden & Son's.

The last teachers' institute of Summit County for the present school year will be held at Park City, Friday, June 1, at 10 a. m.; and in the evening at 8 o'clock, the first annual graduation exercises of the eighth grade of Summit county will be held in the Park City Opera House. Supt. Frank H. Cooper will be present on both occasions. Dr. Cooper is a noted lecturer, and it is desired that all trustees as well as teachers be present at his lectures.

We understand that the Wanship cemetery was surveyed this week and a deed for the same made. The cemetery has been in a bad shape for a long time, and now that it is surveyed, we hope to see the citizens of that place turn out and grub off the sage brush, clear away the rocks, etc., and erect a beautiful fence around the place. Every cemetery should be well taken care of, and the graves containing the remains of loved ones should be properly attended to.

Editors have their troubles. One of these men, who presides over the destinies of a western newspaper, is mourning the loss of two subscribers. Number one wrote asking how to make twice as much, while the other wanted to know how he might rid his mind of grasshoppers. The answers were forwarded by mail, but by accident the editor put them into the wrong envelope, so that man with the twice as much, the answer: "Cover them carefully with steam and set fire to it, and then the little pests,

after jumping in the flames for a few minutes, will be speedily settled." And the man with the grasshoppers was told to "give castor oil and rub their gums with a bone."—Ex.

When the liver fails to secrete bile, the stomach becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. HERBINE has a direct action on the liver and excretory organs, and a few doses will cure any case of biliousness. Price 50 cts. at John Boyden & Son's.

Jake Huffman and Miss Mamie Williams of Park City were visitors to Coalville Tuesday. It was thought at first that they came down to see the circus, but they were seen bending the county clerk, who issued them a license to wed. Jake didn't want it published, but such good things as that we cannot let slip. We were unable to learn when or where they were married but their many friends will join in wishing them a long and prosperous journey through life.

A Fast Bicycle Rider

Will often receive painful cuts, sprains and bruises from accidents. Bucklen's Arnica Salve will kill the pain and heal the injury. Its the cyclist's friend. Cures Chaffing, Chapped Hands, Sore Lips, Burns, Ulcers and Piles. Cures guaranteed. Only 25 cents. Try it. Sold by John Boyden & Son.

Dr. Shiloh's Cough and Consumption Cure

This is beyond question the most successful Cough Medicine ever known to mankind. A few doses invariably cure the worst cases of Cough, Croup and Whooping Cough, while the worst coughs in the cure of Consumption is without a parallel in the history of medicine. Since its first discovery it has been sold on a guarantee, a cure which no other medicine can stand. If you have a Cough, we earnestly ask you to try it. In United States and Canada 50, 100, and \$1.00, and in England 3s. 6d. 6s. and 12s. 6d.

Notice.

United States Land Office,
Salt Lake City, Utah,
May 1, 1900.

To Whom it May Concern: Notice is hereby given that the State of Utah has filed in this office a list, No. 57, of lands selected by the said State for the establishment of permanent water reservoirs for irrigating purposes, under section 12 of the Act of Congress, approved July 16, 1894. The following tracts, embraced in said list, are in a township containing mineral claims of record, viz:

The east half of the northeast quarter and the east half of the southeast quarter of Section thirty, in Township three (3.), north, and of Range seven, (7.), east, Salt Lake Base and Meridian.

A copy of said list, so far as it relates to said tracts, by descriptive subdivision, has been conspicuously posted in this office for inspection by any person interested, and by the public generally.

During the sixty days next following the date of this notice, under departmental regulations of November 27, 1890 (21 U. S. 459), protests or contents against the claim of the same in any of the tracts or subdivisions hereinbefore described, on the ground that the same is more valuable for mineral than for agricultural purposes, will be received and noted for report to the General Land Office at Washington, D. C. Failure so to protest or contest within the time specified will be considered sufficient evidence of the non-mineral character of said tracts, and the selection thereof, being otherwise free from objection, will be recommended for approval. FRANK D. HUNTS, Register. GEO. A. SMITH, Receiver.

WHAT IS SHILOH?

A grand old remedy for Coughs, Colds, and Consumption; used through the world for half a century; has cured innumerable cases of inbred consumption and relieved many in advanced stages. If you are not satisfied with the results we will refund your money. Price 25 cts., 50 cts., and \$1.00 John Boyden & Son.
